

Soccer-5 Game Day Information

Any emergencies or questions please call your assignor, listed below. Add them to your phone before you go to the game!

- Arrive at your first assignment 30 minutes early.
- **IMPORTANT:** All adults with the teams must be OYSA registered and approved coaches and must show their OYSA coach's card when checking in with the referee crew before each game. A picture of the coach's card on their phone is acceptable. If a coach doesn't have a card, take a photo of their driver's license and include their name in the match report under unusual situations. If there are no OYSA approved coaches on the sidelines, call the game day emergency hotline. If you can't reach anyone, allow the game to continue with the available adults.
- Exceptions to the "coaches only" rule may be made for anyone required for aiding disabled participants (i.e., sign language interpreter) and parents assisting the coach with individual players when necessary (i.e., injuries).
- All spectators must be on the opposite side of the field from the player benches.
- Do a field inspection. Ask coaches to correct anything that might be a danger to the players.
- Do an equipment check on players. No jewelry is allowed. Earrings must be removed, not taped. Players must have shin guards.
- Teams must have contrasting uniforms. Work with coaches to change jerseys if necessary. Pinnies may be used. Numbers are not required.
- No slide tackles allowed at any level.
- Refer to the [complete check-in procedures](#) for Soccer5 if you are new or need a refresher.
- Refer to the [Rule Summary](#) for details on the league rules for each of the age groups.
- Refer to the [Soccer5 rules](#) for complete league rules.

Game Day Emergency Contacts:
